

Evidence for the sampled items — G-04

Program changes tested and approved before deploy · IT General Controls · owner V. Menon · period 1 Jan – 30 Jun 2026 (interim)

Purpose — these records show the control operating over the sampled program changes, and so addressing the risk that unauthorised or untested changes reach production.

Precision — tolerance: nil — no transport moves to production without test sign-off and CAB approval.

Who signed — Transports are imported by Basis, independent of the developer who built the change.

Source — extracted from the SAP S/4HANA audit trail on 8 Jul 2026 by V. Menon; the signed originals are retained in the Altura evidence store.
