

Process flowchart — Order to Cash

O-01 · Credit limits are approved before order release

Order to Cash — Commercial Finance — Billing & Credit · Control owner P. Sharma · Companies: Altura Infra Holdings Ltd

Notes. Control points

This control addresses the risk that sales released to customers beyond approved credit limits (AIH/O2C/R001), supporting the accuracy and existence / occurrence assertions over customer credit limits.

The control is performed by P. Sharma (Commercial Finance — Billing & Credit) each month, before the ledger closes: the team approves each new or increased customer credit limit before any order is released against it.

Tolerance: nil. Orders above the approved limit are blocked; limits above Rs 25 crore need CFO approval.

The limit is approved by Credit Control, independent of the sales team that requested it.

Any exception — an order released over the limit — is held and escalated to the Head of Commercial Finance.
