

Evidence for the sampled items — PX-05

Procure to Pay exceptions are escalated and resolved per policy · Procure to Pay · owner S. Iyer · period 1 Jan – 30 Jun 2026 (interim)

Purpose — these records show the control operating over the sampled invoice and payment exceptions, and so addressing the risk that Procure to Pay misstated — additions, movements or reconciliations not controlled.

Precision — tolerance: price variance up to 2% or Rs 10,000 per line is allowed; anything above the tolerance blocks the invoice.

Who signed — Blocks are released by the AP Controller, independent of the AP processor who keyed the invoice.

Source — extracted from the SAP S/4HANA (MM / FI-AP) audit trail on 8 Jul 2026 by S. Iyer; the signed originals are retained in the Altura evidence store.
