

Process flowchart — Fixed Assets

FX-04 · Disposals are approved and derecognised in the period of sale

Fixed Assets — Project Accounting — Fixed Assets · Control owner S. Iyer · Companies: Altura Solar Pvt Ltd, Altura Wind Pvt Ltd

Notes. Control points

This control addresses the risk that Fixed Assets misstated — additions, movements or reconciliations not controlled (ASO/FIX/R001), supporting the accuracy and existence / occurrence assertions over asset disposals.

The control is performed by S. Iyer (Project Accounting — Fixed Assets) each month, before the ledger closes: the team approves each disposal and checks that the asset is derecognised in the period of sale.

Tolerance: nil — every disposal is approved and posted in the month of sale.

The approver is independent of the site team that raised the disposal.

Any exception — a disposal posted late or without approval — is held and escalated to the Financial Controller.
