

Control description

T-01 · Payment runs approved by two authorisers

Treasury — Group Treasury · Control owner A. Verma · Companies: Altura Infra Holdings Ltd, Altura Solar Pvt Ltd, Altura Wind Pvt Ltd, Altura Smart Metering Pvt Ltd

Control ID	T-01 (AIH/TRY/R001/C001)
Control statement	Payment runs approved by two authorisers.
Risk addressed	This control addresses the risk that payments released without dual authorisation or to unverified payees (AIH/TRY/R001), supporting the accuracy and existence / occurrence assertions over payment runs.
Nature / type / frequency	Manual · Preventive · Monthly · Key control
How it is performed	The control is performed by A. Verma (Group Treasury) each month, before the ledger closes: the team releases each payment run in Kyriba only after two authorisers from the bank mandate have approved it.
Precision	Tolerance: nil. Every run is approved in full by two authorisers, whatever its value; runs above Rs 25 crore also need the Group CFO.
Segregation	Both authorisers are independent of the analyst who prepared the run; Kyriba will not let the preparer approve their own proposal.
Exceptions	Any exception — a payee not on the approved master or a total that does not agree to the proposal — is held in Kyriba and escalated to the Treasury Controller before release.
Evidence	Dated sign-off on each occurrence; the SAP audit trail is retained for eight years.
System	SAP S/4HANA (FI-BL) and Kyriba
Companies	Altura Infra Holdings Ltd, Altura Solar Pvt Ltd, Altura Wind Pvt Ltd, Altura Smart Metering Pvt Ltd
Control owner	A. Verma · reviewer N. Bhatt (Treasury Controller)
