- NOTES**
- Only Meridian Global Holdings, Inc. is listed. All eleven subsidiaries are privately held and consolidate into the registrant's financial statements; none has securities registered on any exchange.
 - Percentages on level-three companies are the direct holding of their immediate parent; "effective" is the share reaching the listed parent through the chain. Gulf Terminal Operations LLC is wholly owned by Meridian Port Services LLC, which is itself 74% owned — so 74% reaches the group.
 - Meridian Port Services LLC is consolidated notwithstanding the 26% non-controlling interest held by an unrelated port authority.
 - Dashed outline denotes an entity in which part of the equity is held outside the group.
 - Dormant entities and branch registrations are excluded. No entity was acquired or disposed of during the period.
