

C070 — System configuration extract

Altura Infra Holdings Limited · FY 2025-26 (1 April 2025 – 31 March 2026) · SAP S/4HANA · Duplicate invoice check configuration

Extracted by IT Applications — read-only role
Extracted on 2026-04-09
Client / system SAP PRD 100
Transaction OMR6 / OBA3 — tolerance keys

The table below is the live configuration read directly from the production client. It is the configuration the control relies on, reproduced without amendment.

Key	Description	Lower	Upper	Check	Last changed	Changed by
DUP-01	Check vendor + invoice no.	On	On	Block	2023-06-14	chg.applications
DUP-02	Check invoice amount	On	On	Block	2023-06-14	chg.applications
DUP-03	Check invoice date	On	On	Block	2023-06-14	chg.applications
DUP-04	Normalise reference before compare	Off	Off	—	2023-06-14	chg.applications

Changes to these keys are under change control. The change history shows no amendment inside the audit period other than those listed above.
